Forward-Looking Statements

This presentation may contain statements, estimates or projections that constitute “forward-looking statements” as defined under U.S. federal securities laws. Generally, the words “believe,” “expect,” “intend,” “estimate,” “anticipate,” “project,” “will” and similar expressions identify forward-looking statements, which generally are not historical in nature. Forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from The Coca-Cola Company’s historical experience and our present expectations or projections. These risks include, but are not limited to, obesity concerns; water scarcity and poor quality; evolving consumer preferences; increased competition and capabilities in the marketplace; product safety and quality concerns; perceived negative health consequences of certain ingredients, such as non-nutritive sweeteners and biotechnology-derived substances, and of other substances present in our beverage products or packaging materials; an inability to be successful in our innovation activities; increased demand for food products and decreased agricultural productivity; changes in the retail landscape or the loss of key retail or foodservice customers; an inability to expand operations in emerging and developing markets; fluctuations in foreign currency exchange rates; interest rate increases; an inability to maintain good relationships with our bottling partners; a deterioration in our bottling partners’ financial condition; increases in income tax rates, changes in income tax laws or unfavorable resolution of tax matters; increased or new indirect taxes in the United States or in one or more other major markets; increased cost, disruption of supply or shortage of energy or fuels; increased cost, disruption of supply or shortage of ingredients, other raw materials or packaging materials; changes in laws and regulations relating to beverage containers and packaging; significant additional labeling or warning requirements or limitations on the marketing or sale of our products; an inability to protect our information systems against service interruption, misappropriation of data or breaches of security; unfavorable general economic conditions in the United States; unfavorable economic and political conditions in international markets; litigation or legal proceedings; failure to adequately protect, or disputes relating to, trademarks, formulae and other intellectual property rights; adverse weather conditions; climate change; damage to our brand image and corporate reputation from negative publicity, even if unwarranted, related to product safety or quality, human and workplace rights, obesity or other issues; changes in, or failure to comply with, the laws and regulations applicable to our products or our business operations; changes in accounting standards; an inability to achieve our overall long-term growth objectives; deterioration of global credit market conditions; default by or failure of one or more of our counterparty financial institutions; an inability to timely implement our previously announced actions to reinvigorate growth, or to realize the economic benefits we anticipate from these actions; failure to realize a significant portion of the anticipated benefits of our strategic relationship with Monster Beverage Corporation; an inability to renew collective bargaining agreements on satisfactory terms, or we or our bottling partners experience strikes, work stoppages or labor unrest; future impairment charges; multi-employer plan withdrawal liabilities in the future; an inability to successfully integrate and manage our Company-owned or -controlled bottling operations; an inability to successfully manage our refranchising activities; an inability to successfully manage the possible negative consequences of our productivity initiatives; an inability to attract or retain a highly skilled workforce; global or regional catastrophic events; and other risks discussed in our Company’s filings with the Securities and Exchange Commission (SEC), including our Annual Report on Form 10-K for the year ended December 31, 2015, and our subsequently filed Quarterly Reports on Form 10-Q, which filings are available from the SEC. You should not place undue reliance on forward-looking statements, which speak only as of the date they are made. The Coca-Cola Company undertakes no obligation to publicly update or revise any forward-looking statements.

Reconciliation to U.S. GAAP Financial Information

The following presentation may include certain “non-GAAP financial measures” as defined in Regulation G under the Securities Exchange Act of 1934. A schedule is posted on the Company’s website at www.coca-cola.com (in the “Investors” section) which reconciles our results as reported under Generally Accepted Accounting Principles and the non-GAAP financial measures included in the following presentation.

* ROIC = comparable NOPAT / Five Quarter Average of Invested Capital; ROIC is a non-GAAP measure

** Invested capital is calculated using the following balance sheet line-items as of 12/31/15 and 12/31/16: Total Equity + Long-Term Debt + Current maturities of long-term debt + Loans and notes payable - Total Cash, Cash Equivalents and Short-Term Investments - Marketable securities

*** Represents estimated impact to Invested Capital and estimated cash proceeds from refranchising (specifically, North America and China refranchising). Assumes remainder of North America transactions are structured either as cash payments for tangible assets and sub-bottling payments for intangible assets or as a direct sale for cash.
Post Refranchising, We Expect Accelerated Financial Performance

- Greater confidence to deliver our long term growth objectives
- Scaled bottlers in Western Europe, China and Africa
- North America - taken the necessary steps to support the system for long-term growth
